WINTER BREAK SKILLS TO WORK ON FOR YOUR CAREER!
BY: DONAVYN VELEZ-FUCAL
2020 was filled with many challenges and hardships to say the least. However, as the year comes to an end, let’s reflect on the accomplishments and wins that still happened this year. Whether it’s a good or bad year, I personally like to reflect on the year to help me make my goals for the next. Here are just a few accomplishments to highlight the awesome work from our AAPISC Staff and multicultural community. Hang in there and finish the semester and year strong!

- Asian Pacific American Student Coalition’s (APASC) SHAPING Conference A.R.I.S.E. inspired 75 students during their online conference! Go SHAPING!

- Multicultural Student Services (MSS) celebrated over 100 graduates last spring during the MSS Virtual Graduation and will celebrate more this fall. Congrats class of 2020!

- AAPI student mentors provided over 20 online programming events for students.

- AAPI student mentors supported over 900 mentees during spring and fall 2020 during our transition to online learning.

- The AAPISC is the first center to test a soft reopen for students in Pullman!

EFFECTIVE CRAMMING FOR ZOOM FINALS!
BY: AJ APALLA

Get your mind right. Accept that you’re going to be doing a lot of work/studying for the next 3 weeks. Even more so if the exam is cumulative! Winter Break is coming up soon so remember that “this too shall pass.” Cut out extraneous things (social media, games, etc.) If you absolutely need to use it- then save it for the end of the day! But no more than an hour.

EFFECTIVE CRAMMING 101

CUMULATIVE?
• Finish any new assignments ASAP.
• Do old assignments.
  • The focus should shift to solving problems and solving them well.
  • Reworking old assignments is great practice especially if they’re paired with solid step-by-step solutions.
• Do old exams from this semester.
  • This stuff was tested for a reason, so you can bet the material on these are going to be on the final.

NONCUMULATIVE?
• Awesome! You can spend your time even more efficiently.
  • Only go over homework spanning after your last midterm to your very last assignment
  • Make sure you can do these forward and backward.
• If there are practice exams available… DO THEM!
• If you get stuck ask...
  • Your smart friend (who is in the class)
  • Your TA
  • Your Professor

KEEPING SANE AND HEALTHY
• Nutrition
  • Make sure you eating your meals and drinking a lot of water.
  • Bring snacks to your study sessions.
  • Caffeine Helps! Up to 400mg a day! Don’t Abuse it!
• Moving Around
  • Keep it short and sweet!
    • The goal is to feel refreshed, not tire yourself out.
  • Walks outside, stretching, etc. work well
• Sleep
  • 8+ hours is ideal but sometimes it doesn’t happen. Shoot for at least 6 hours early in the prep so you have more time to sleep for finals week.
  • No technology in the bed!
HERE ARE SOME MEALS AND DESERTS THAT PEOPLE IN THE AAPI COMMUNITY EAT AS THEY CELEBRATE CHRISTMAS!
